To nominate a deserving individual in any of the four categories, please contact the Recreation Program Coordinator at 410-778-1957 or via email. Nomination forms with the required criteria are available at [www.KentParksAndRec.org/publications.php](http://www.KentParksAndRec.org/publications.php) or may be requested to be emailed. ### **Weather & Information Notification Alert Method - Simplifying participant notifications for everyone!**

KCPR does not make individual contact to program participants or facilities for program or facility closings/changes. The *Rainout Line platform pushes updates out via \*text message, email, Facebook and our website*. An app is available to download on smart devices and a call-in *hotline (410-429-1401)* is also available. Users can select the method they would like to receive alerts by signing up from our rainout line page - <https://rainoutline.com/search/dnis/4104291401>. From there, users can easily select one or more methods to receive alerts (left menu of page). Once signed up, individual alerts can be selected to be received by facility or receive them all - it's completely up to the user.

*\*Text alerts are limited to 140 characters so the full alert may not be able to be viewed and the alert will need to be checked via another method.*

**Youth sports organizations may utilize the KCPR Rainout Line Platform (at no cost) and be assigned a facility extension for its use within its organization if desired. Please notify KCPR 60 days prior to the season's start to coordinate use of the platform for alerts and notifications to your league participants, parents, officials and the general public.**

### **Baseball and Softball Field Scheduling**

- I. Baseball and Softball league presidents may coordinate practice schedules for each of their teams.
- II. **League presidents are responsible to coordinate a schedule. If League Presidents are unable to coordinate a schedule, then the following will be followed:**
  - A. Scheduling for practices begins the Friday before April 1 each year, at 8:30 am. Team Managers may contact the Recreation Program Coordinator directly at 410-778-1957 to schedule practices. Field reservations should only be made to the KCPR mainline at 410-778-1948 if you are unable to reach the Recreation Program Coordinator directly, you have left a message, and you have not received a return call within (1) hour of leaving a message.
  - B. Team Managers may call beginning 8:30 am the Friday preceding the week (Monday through Sunday) in which they would like to practice. To reserve a field, you must call between 8:30 am and 4:30 pm, Monday through Friday. Leaving a message on voicemail is not considered making a

- reservation, therefore if Managers leave a message, they should call again or email to confirm the reservation.
- C. Field scheduling reservations are made on a first come, first served basis.
  - D. Teams are permitted (1) scheduled practice during the week (Monday through Friday) and (1) scheduled practice on the weekend (Saturday and Sunday).
  - E. There are (2) time slots available for scheduling on each field during the week.
    1. The first time slot is 5 pm - 6:30 pm; the second time slot is 6:30 pm to dark.
    2. Please ensure your team is off the field promptly at 6:30 pm if you have the early time slot. Do not arrive early if you have the 6:30 pm time slot.
  - F. There are several time slots available for scheduling on each field on weekends (Saturday and Sunday).
    1. Weekend time slots are in (2) hour increments only, starting at 8 am until 6 pm.
  - G. Please be respectful of other teams' practice times and allow every team their allotted time.
  - H. On any weekday after 2 pm, but prior to 3 pm, if a field is open and has not been reserved, it is available on a first come first served basis and may be reserved for any team no matter how many practices a team has had that week.
  - I. The field use schedule board at Worton Park is maintained by DPW staff and is generally updated no later than 2:45 pm on weekdays and 2:45 pm on Fridays for weekend use.
  - J. On inclement weather days, use the **Rainout Line Platform** before you head to a County park. Although the field use schedule board in Worton Park will reflect the status of the fields there (whether open or closed), the Rainout Line must be your resource to confirm field use status. A decision will be made on field status no earlier than 12 pm and no later than 3 pm. *Please advise coaches, parents, players not to call the Parks and Recreation main line, as you will be directed to the Rainout Line Platform.*
  - K. If a weather event should take place after 3 pm and you have a game scheduled, it will be up to the umpires to determine if the field is playable. If this should happen and you have a practice scheduled, please use good judgment in making a decision. Since we schedule practices, we know who uses what field and when. **If a team makes the decision to use a field that is not suitable for play and damage occurs that is beyond normal wear and tear, then the league will be held responsible for costs of any repairs deemed necessary, in addition to a \$50.00 fine.**
    1. It is the responsibility of the home Team Manager to contact the Recreation Program Coordinator at 410-778-1957 to reschedule a game if cancelled due to inclement weather.
  - L. **A practice schedule for Toal and Edesville Parks will be established with the Presidents or designee in a meeting to be determined.**
  - M. All initial pre-season athletic field use requests or concerns related to number of fields, opening day date, night games, practice schedules, and game schedules for the season must be directed to the Recreation Program Coordinator by the League President only.
  - N. After the season begins (Opening Day), all questions or concerns related to field equipment (bases, pitching rubber/distance, lining of the field, fencing, lighting, etc.) must be from the League President and directed to the Building/Grounds Maintenance Supervisor at Kent County Department of Public Works (DPW) by calling 410-778-2600, extension 3904, during normal business hours (6:30 am – 2:45 pm, Monday through Friday).

**A sample Worton Park ball field schedule template used by KCPR staff and scheduling guidelines are attached.**

#### **Rescheduling Games Policy (Baseball and Softball)**

- I. If a game must be cancelled for reasons unrelated to weather, it is the responsibility of the home Team Manager to notify the Recreation Program Coordinator of the cancellation at 410-778-1957. Notification must be made by 9 am the day of the scheduled game. *If Parks and Recreation is not notified of a game cancellation and that field is prepped for the game, a \$50.00 fee will be charged to the league.* This is the policy for ALL games, both regularly scheduled and make-up games.
- II. It is the responsibility of the home Team Manager to contact Parks and Recreation at 410-778-1957 to schedule a field for a make-up game.
- III. **Make up games will take priority over scheduled practices.** In the event your practice field must be scheduled for a make-up game, every effort will be made to relocate your practice to another field. If no

field is available, you will need to select another day to hold practice. In either scenario, you will be notified with as much advance notice as possible of the change.

### **Field Lining for Multiple Games (Baseball and Softball)**

- I. DPW staff will line baseball and softball fields primarily on weekdays during departmental hours.
- II. DPW staff will line and reline fields on weekends (if necessary) for Opening Day and tournaments only.
- III. A key will be issued to each League President for distribution as necessary for team managers to access the ball field liner machine and lime to reline fields when needed on weekday evenings and weekends after the initial lining by park maintenance staff on weekdays. Ordinarily, this will only occur when a field has been scheduled for multiple games on a weekend or weekday evening.

### **Multi-Purpose Athletic Field Scheduling (Soccer, Lacrosse, Field Hockey, and Football)**

- I. All use of athletic fields must be scheduled with the Recreation Program Coordinator at Kent County Parks and Recreation by calling 410-778-1957 during normal business hours (8:30 am – 4:30 pm, Monday through Friday).
- II. All use of athletic fields must be requested by the League President.
  - A. Field use requests by team coaches will not be entertained.
- III. All initial pre-season athletic field use requests related to number of fields, field dimensions, field locations, opening day date, night games, practice schedules, and game schedules for the season must be directed to the Recreation Program Coordinator by the League President only.
- IV. After the season begins (Opening Day) any request for field use **changes** related to number of fields, field dimensions, field location, field conditions, field equipment (goals, bases, and lines of play), and rest room facilities, must be directed to Mark Dixon at DPW by calling 410-778-2600, extension 3904 or by email at mdixon@kentgov.org during normal business hours (6:30 am – 2:45 pm, Monday through Friday).
- V. **Any initial field use request directed to Public Works will not be entertained.**

### **Department of Public Works' Maintenance of Public School Fields**

- I. KCPR & DPW has a Joint Use Agreement with the Kent County Public Schools (KCPS) for use and maintenance of specific school fields. DPW will prepare these fields at the beginning of the season and throughout the season. *KCPS shall be responsible for grass mowing only.*
- II. KCPS fields used for youth sport league practices and games that are prepared and maintained by Kent County DPW, are considered extensions of County park properties during the period of use for the season.

### **Light Use Policy (Orem Field-Multi-Purpose Field)**

- I. **Only practices, games, or events scheduled and approved in advance to be played under the lights shall be permitted to be played under the lights.**
- II. In order to have lights on for your field request, you must provide an “on/off” schedule to the Recreation Program Coordinator/Deputy Director of the department ahead of time.
- III. Lights must be off by 11PM, unless special approval is granted by the Director.
- IV. Light use will not be permitted for any portion of a game that is scheduled as a day or evening game, even if this means the game must be called early due to darkness.
- V. In the unfortunate event that the lights malfunction for any reason during a scheduled use, the use will be unable to continue and must be postponed, cancelled, and settled the next day. Unfortunately, on the night of a malfunction, there is nothing that can be done to resolve the issue. Although KCPR and DPW do not anticipate such a scenario to occur, it is within the realm of possibilities.
  - A. Per the Field Use Policies, the Building/Grounds Maintenance Supervisor is your contact for field maintenance/conditions concerns, field equipment related concerns and field use changes after initial arrangements have been made with the Recreation Program Coordinator **and** after the season begins. Details regarding when and to whom contact should be made before the season starts and after the season starts are on page 10.

If necessary, organize volunteers within your organization to ensure trash is removed from the playing area, parking area, walking path, bathrooms, etc., immediately following the use. If excessive trash is found after an organization's use, a \$75.00 per occurrence (day) fine may be assessed to the organization that sponsored the activity or event. #### **Concessions Sales Policy/Expectations**

- Approved by the PRAB on February 8, 2021 KCPR will no longer put out a notice for requests for proposals for Park Concessionaire rights for Betterton Beach and Worton Park and instead allow youth sports leagues the opportunity for full season concession sales in addition to opening day at applicable parks. The details of concession rights/assignments for leagues that have contests the same day shall be coordinated among applicable leagues and KCPR to ensure fairness and equity.
- Each sport league shall be guaranteed their opening day/season opener (whether they sell concessions themselves or partner with another organization – this is entirely up to the sport league and KCPR will not engage in who a league elects to partner with for concession sales). All other dates shall be assigned based on an open and fair process in which all organizations will be requested to submit desired dates in writing to the Recreation Program Coordinator by a specified deadline. Generally, dates will be awarded on a first come, first served basis, separate from season opener dates.
  - Should a sport league decline the right to sell concessions on their opening day, the second right of refusal shall be awarded to a sport league who also has home games on the same date as another league's season opener.
  - Individual team concession assignments shall be determined by the governing league awarded the concessionaire rights/assignment.
  - Must obtain a temporary food service permit from Kent County Environmental Health 5 days prior to concessions sales and submit a copy of the permit to the Program Coordinator.

#### **Kent County Special Event Recycling Program (SERP) and Policy**

This recycling requirement does not apply to regular season games, however, opening day events, one day concessions sales events, fundraisers, etc., must comply with the program. **The SERP information is attached.**
